

Please come to a communication forum

State of the Agency 2015

By Alice Pavey, Superintendent
Hamilton County DD Services

Several emerging national and state trends, rules, and laws are changing the traditional ways that services for people with disabilities in Ohio have been delivered for more than 70 years. These set the stage for sweeping system change and raise crucial issues for County Boards of DD in Ohio.

**Alice Pavey, Superintendent, will share about
Hamilton County DD Services' direction and response**

These are open communication forums for all people served by Hamilton County DD Services, their families and guardians, providers of services, and interested community members. Each forum will be the same information. Please choose the time and/or location that fits best in your schedule.

January 22 – 5:30 pm to 7 pm

Rost School, 5858 Bridgetown Road, 45238
